Academy 414, 718, 725, 733, 746, 752
  Fuel requirements 617
  Pilot-training program at 619
Aeronautical chart and information center 802, 815
Aircraft:
  B–36, conversion to tanker 661
  Damage to as a result of debris on runways 346
  Flying hours:
    Budgeted for in 1958 ..... 616, 633, 635, 662, 664
    Projected in 1958 for B–52, B–36 662
    Reduction in 1957 851
  KC–135 tanker 926
  Maintenance and modification 185
    Aircraft component requirements 222
    B–36 ..... 127, 198
    Cost of maintenance of aircraft, increase in 214
    Depot level maintenance operation 207
      Industrial funding of depots 220
    Direction control systems 225
    Jet tankers, use as transports 199
    Modification of older aircraft 224
    Reprograming 221
    Shop machinery and equipment 222
    Summary of 211
    Training of maintenance personnel 229
    Weapon systems 203
    Work measurement program 212, 219
  Modernization of:
    B–47's, conversion to tankers 127
    B–36 ..... 127, 198
  Out of commission for parts 134
  Overhaul of 129, 215
  Procurement of aircraft and related procurement 4, 27, 230
    Accuracy of budget estimates 73
    Deletions from procurement program 4
    Distribution of funds by activities 28
    Other than aircraft 5, 30, 383
    Reduction in 238
    Reserve material and munitions. (*See* this title this index.)
    Spare engines 125
      Airlift of spare engines 176
      Budgeting technique, simplified 167
      Current spare engine requirements policy 173
      Engine disposal program 179
    Spares 95
      Control program 156
      Flyaway kits 184
      For aircraft being phased out of inventory 165
      Initial procurement 154
      Inventory, location, composition, and intended use of 178
      Local purchase 163, 693
      Long service life items 164
      Savings 157, 160, 170, 171
      Short service life items 164
      Single control point for particular aircraft 163
    Summary of program requirements for 1958 239
  Proficiency flying. (See this title.)
  Research on. (*See* Research and development.)
  Source of funds for 652, 653

Page

Air defense, operation and maintenance of, cost of 623
Airlift, single manager for 21, 902
Air mission offices and inter-American relations 834
Air National Guard 10, 33, 553
  Aircraft, availability of modern 598
  Aircraft, number of military personnel, installations, etc 604
  Air technicians 562, 567, 597
  Automobiles 599
  Capital items compared with operating items 602
  Construction 590
  Major procurement 581
  Obligations 601, 603
  Officers authorized under sections 5, 81, and 252 of National Defense Act and Public Law 476 ..... 562, 596
  Readiness of 564, 565
  Runway requirements 599
  Size of 601
  Training program 563
Asphalt paving 810
Automobiles 913
  For high Air Force officials 352, 354, 356
  Lease of 353
  Requested by the Department of Defense in 1958 ..... 354, 915
  Shipment overseas 509, 517

B

B–36, spare parts for 269
Budget for 1958:
  Accuracy of estimates 73
  Contract authorization versus obligational authority 67, 71
  Distribution of funds by activity 22, 26
    Comparison with prior years 23
  Funds available for 82
  No-year funds 55
  Source of funds 33, 88
    Recoupment 48, 49, 59, 65, 70

C

Civilian personnel 76, 407, 414, 826, 829
  Cost of 76
  Foreign employees 434
  Number of 408, 417, 420, 433
  Pay of, increase in 431
  Retirement fund contribution 434
Commissaries, additional requested 872
Committees, study groups, and boards 124, 832
Communications-electronics 271
  Air defense communications 296
    White Alice 296, 312, 622
  Cost of equipment 312
  Cost of installation of 622
  DEW line 294, 312, 317, 623
  Leased communications 296, 298, 623
  Meteorological program 302
  Navigational aids 298, 304, 311
    Duplication of radar systems of CAA and Air Force 307
    Military use of Federal airways 306
    TACAN 299
    VORTAC program 305
  Organization equipment 302
  SAGE 11, 117, 285, 317, 319, 623
    Cost of 286, 312
    Description, purpose and feasibility of 288
    Effectiveness and improvements 290
    Expenditures 286, 292
    Unobligated balances 293
  Service test 303
